DETAILED ACTION

The indicated allowability of claims 46 and 47 is withdrawn.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 46 and 47 are rejected under 35 U.S.C. 102(b) as being anticipated by Gardes, U.S. 5,680,901.

Regarding claims 46 and 47, Gardes discloses in figure 5 a wellbore junction communicating with a fourth tubular string or casing (14), the junction having a first, second and third bore (73), a first second and third tubular liner string (71) entering a first second and third wellbore (72) and a seal (74) for each tubular liner string.

Allowable Subject Matter

Claims 1-27, 29-39 and 41-45 allowed.
